

Here To There Update 5A (20th July 2017) to Newsletter 5 (Summer 2017)

As route branding is set to return in north-east London, it's interesting to note the buses being used on X26 (pre-repaint and single door conversion, with added luggage racks and route branding for the right route!) are the old East London Transit ones – neither Croydon nor Heathrow can be taken as "east", so get them while you can!
