

Express Coach Guides - Services Index (in four parts but one file)

Welcome to this Express Coach Guide. It's been a while since we've done a Express Coaches and Long Distance Bus Services guide, with a loose-leaf one under preparation for a while now! But, now that National Express have publicly allowed everyone access to their Coach Guide-style timetables, the project has taken renewed emphasis!

So, for now, this is an expanded version of our previous editions. This Volume (Part 1) contains timetables and farecharts for National Express Services. The other parts contain Megabus, Citylink, GreenLine, AirportBusExpress, EasyBus, New Bharat, Commonwealth Coaches, plus selected other bus and coach services. The latter are those where bus/train tickets, or bus/coach through tickets are offered, including those that appeared in the Other Operators part of NX Guide years ago. This section also includes those services that used to be part of the National Rail Timetable, largely those which connected airports or between lines. We also include other strategic services, as much as we can squeeze in! This one is A4 size, to match the NX Coach Guide series, and the page size too.

In this guide, we have four books, see as follows;

Volume 1 (XC1) – National Express

Volume 2 (XC2) – Megabus, Citylink, Other Services, 1 to 69

Volume 3 (XC3) – Other Services, 70 to Red Arrow

Volume 4 (XC4) – Other Services, S1 to XL

All include an Index to Places Served (covering all four volumes), while each part includes an Index to Services for the routes in that particular volume.

Mrs Suzy Scott, H2T MD & Series Editor

Index To Services in Part 1

These services are shown in order of the Table Numbers. Most of the service numbers match these, or are fairly close to it. However, where these are not the case, we have an extra entry to indicate Service Numbers. Some are Summary Tables, and some are seasonal services. Fare Tables don't include other special fares (like Funfares/Advance Tickets) and are intended as a guide to the fares that are charged on the day (so treat this as a maximum). Some services have discounts for booking in advance. Please check with a National Express agent, or contact the company directly.

Table Nr.	Service Numbers	Route In Brief
Summ-ary	INTERNATIONAL SERVICES	Summary of all international services from London to Belgium
Summ-ary	INTERNATIONAL SERVICES	Summary of all international services from London to Netherlands
Summ-ary	INTERNATIONAL SERVICES	Summary of all international services from London to Belgium
